It was brought to our attention that the link for the TIF Committee Forming Meeting didn't work. Here is the [link](#)

Apologies for not updating the meeting dates at the bottom of our newsletter. We are meeting on Tuesday, April 11. This is an opportunity to vote for your future CAN board. We still don't have anyone running for treasurer. If you would like to be CAN's treasurer, please come to the meeting!

## Cully residents can now register for the Oregon Community Solar Program!

Whether you are a renter or a homeowner, a new state initiative, the Oregon Community Solar Program now gives residents the option to use solar energy right through their PGE & Pacific Power accounts.

There is no cost to sign up, participate or cancel, nothing to buy or install and, by law, consumers are required to be incentivized for participating. This incentive creates a guaranteed 5% savings on subscribed energy while low-moderate income residents will save 40%!

### How do YOU want to influence the City of Portland?

The last time the City of Portland created a fresh community engagement framework was 1974. Nearly 50 years later, Portland's population has doubled and faces livability, safety, and affordability concerns.

The first step of this project is listening—YOU are the most valuable part of this project, and we want to hear your ideas!

From now until April 30, our independent consultant Pregame is hosting virtual listening sessions across Portland to hear from as many Portlanders as we can. If you are unable to make a listening session, you can host your own with our DIY Kit or complete an online survey (find out more below).
